

# Virtual Consultation Platform

---

## Appointment Manager Interface

# Appointment Manager

**Appointment Manager** schedules the use of the virtual clinics created in the Clinic Manager.

**Clinic Manager** contains additional options for clinics such as waiting messages.

### Select and Search

The appointment has been created.  
Would you like to notify any patients?

Send SMS

Send Email

Copy

No, I do not want to notify any patients

When you have sent a notification to a patient via SMS or Email, the button on the appointment list changes color. You can still click the button to send another reminder.
