

Visionable Collaboration Platform

How to make a call

1 Head to My Contacts

Find the person you want to call. Then click the camera icon to automatically start the meeting.

2 Hit the three dots

This opens more options for this contact.

3 Call multiple people

Hold the **CTRL** key to select more than one person to call.

4 Calling...

You will see this window when you are calling

i When someone is calling you...

This is the window you will see when someone is calling you.

If you are in another call, you can choose to **add them to the call**, or end your current call to answer theirs.
