

Virtual Consultation Platform

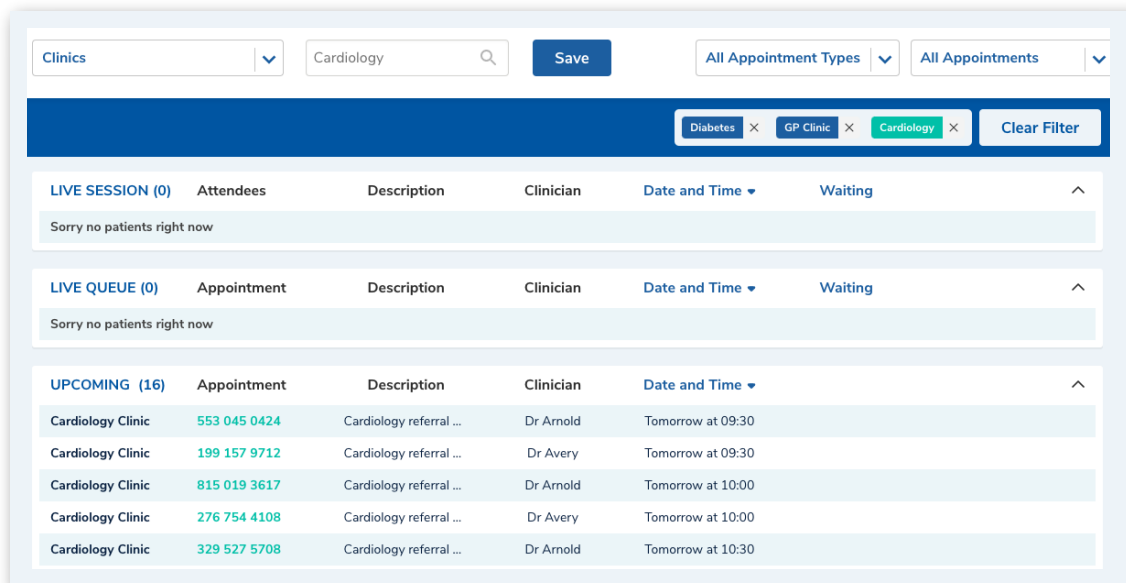

Live clinic explained

1 Open 'Live clinic'

This is a list of all the day's appointments.

2 Filter your clinic

Use the filters to show specific clinics, patients, or clinicians.

The screenshot shows the 'Live Clinic' interface. At the top, there are filters for 'Clinics' (set to 'Cardiology'), 'All Appointment Types', and 'All Appointments'. Below these are active filters for 'Diabetes', 'GP Clinic', and 'Cardiology', with a 'Clear Filter' button. The main content area is divided into three sections: 'LIVE SESSION (0)', 'LIVE QUEUE (0)', and 'UPCOMING (16)'. Each section has a table with columns for 'Attendees', 'Appointment', 'Description', 'Clinician', 'Date and Time', and 'Waiting'. The 'UPCOMING' section lists five appointments for 'Cardiology Clinic' with phone numbers, descriptions, clinicians, and times.

Attendees	Description	Clinician	Date and Time	Waiting
Sorry no patients right now				

Appointment	Description	Clinician	Date and Time	Waiting
Sorry no patients right now				

Appointment	Description	Clinician	Date and Time	Waiting
Cardiology Clinic 553 045 0424	Cardiology referral ...	Dr Arnold	Tomorrow at 09:30	
Cardiology Clinic 199 157 9712	Cardiology referral ...	Dr Avery	Tomorrow at 09:30	
Cardiology Clinic 815 019 3617	Cardiology referral ...	Dr Arnold	Tomorrow at 10:00	
Cardiology Clinic 276 754 4108	Cardiology referral ...	Dr Avery	Tomorrow at 10:00	
Cardiology Clinic 329 527 5708	Cardiology referral ...	Dr Arnold	Tomorrow at 10:30	

What does everything mean?

Let's start at the bottom.

1 Upcoming appointments

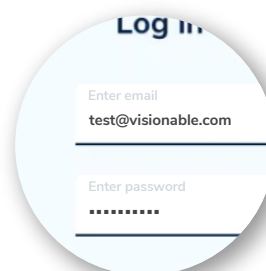

This shows all the appointments that you've got for the day. When a patient is waiting on the call, they'll join the Live Queue.

2 Live queue

This is a list of patients who are waiting to speak to a clinician. You can see how long they've been waiting in the far column.

3 Next patient

When you're ready for your next call, Visionable Clinic will automatically load the next patient for you.

The screenshot shows a circular login form with the text 'Log in' at the top. It contains two input fields: 'Enter email' with the text 'test@visionable.com' and 'Enter password' with a masked password '*****'.
